The longest swinging bridge in Western Canada spans the Souris River in the town of Souris on No. 2 Highway in southwestern Manitoba. Distinctive in design and construction, the bridge is nonetheless typical of the many scenic surprises to be found in other parts of the province.

**CHOOSE THE ACCOMMODATION  
THAT SUITS YOUR NEEDS  
AND POCKETBOOK . . .**

**MANITOBA'S STAR RATING  
SYSTEM WILL GUIDE YOU**

In Manitoba you will find a wide variety of accommodation, ranging from "deluxe" with the latest in modern convenience and service, to clean, comfortable accommodation for families which want to see as much and go as far as they can on a low budget.

To help the visitor to know, at a glance, what to expect in quality of accommodation and range of services offered, the Manitoba Government annually inspects, licenses and grades all motels, tourist camps, trailer parks and hunting and fishing lodges (not hotels) according to the following star ratings: 5 Star—(Deluxe), 4 Star, 3 Star, 2 Star, 1 Star.

The Star Rating of each operation is shown opposite the listing in this booklet.

The facilities and services provided under the different ratings are as follows:

- ★★★★★ Deluxe accommodation provides in each individual unit, complete comforts, furnishings and conveniences consistent with the highest standards required by Government regulations.
- ★★★★ Accommodation with full plumbing, with individual shower or bath in each unit, plus all high standard facilities necessary to provide guests with the recognized comforts of guest accommodation.
- ★★★ Accommodation may have individual plumbing in each unit, but if not, must have modern central toilet and washroom facilities and other essential conveniences of a four-star operation.
- ★★ Accommodation need not have modern facilities but must be equipped with adequate and sanitary outdoor-type toilets. Interior walls need not be finished. Must have power. Must have necessary conveniences.
- ★ Accommodation comes up to the minimum requirements. Need not have electricity or finished walls. Must have minimum comfort facilities.

# Travel Information and Suggestions

For information while in Winnipeg phone WHitehall 6-7131 or WHitehall 6-7132.

To obtain information on a particular area of the Province turn to pages 2 and 3 of this booklet where you will find area maps of the province and a handy page reference to each area.

Visitors, after clearing Canadian Customs, may get first-hand information from Government-operated Tourist Information Centres. There is one on Manitoba Highway No. 75 north of U.S. Highway No. 81; and another on Manitoba Highway No. 10, north of North Dakota Highway No. 3. In Winnipeg, the Government Tourist Information Office is on the main floor of the Legislative Building. Large department stores, travel agents, railroads, air and bus lines also have information counters.

## U.S. VISITORS ENTERING MANITOBA

Although U.S. citizens need no passports, certain personal papers may be helpful: birth certificates, letters of identification, etc. Naturalized citizens should carry naturalization certificate. These papers may be needed when the visitor re-enters the United States.

Clothes, toilet articles and other personal effects are admitted duty free. In addition the traveller may take into Canada — 50 cigars, 200 cigarettes, two pounds of tobacco and 40 ounces of alcoholic beverages, duty free. Gifts except tobacco and alcoholic beverages, to friends in Canada are duty free if their value doesn't exceed \$10.

There is no duty on: fishing tackle, portable boats, canoes, outboard motors, tents, camping equipment, golf clubs, tennis racquets, radios, record players, musical instruments, cameras (both still and movie) and six rolls of film, guns and rifles (revolvers and pistols prohibited) and typewriters, PROVIDED these articles are the personal property of the tourist and will be used by him only. All articles must be identified and reported to Customs officers, when entering Canada and when leaving.

## DOGS AND PETS

All dogs, other animals, or birds, brought into Canada for hunting purposes or as pets, are admitted without deposit. Dogs originating in the U.S.A. may be imported into Canada at any Customs port of entry if they are accompanied by a certificate signed by a licensed veterinarian of Canada or the U.S.A. certifying that the dog has been vaccinated against rabies during the preceding 12 months and carrying a reasonably complete and legible description of the dog together with the date of vaccination.

## SERIAL NUMBERS

While not required, a list of the serial numbers of your cameras, guns, outboard motors, typewriters, radios, record players, etc., will save you time at the border.

## CONSUMABLE GOODS

The visitor may take into Canada duty free: one or two days food supply, gasoline and oil for 300 miles by car and 50 rounds of ammunition. Quantities over this amount are subject to duty.

## PINK CARDS FOR AUTOMOBILES

Visitors travelling in Manitoba by car would be wise to carry a Manitoba "non-resident" Motor Vehicle Liability Insurance Pink Card. You may obtain full details from your insurance agent. He can supply you with a pink Motor Vehicle Liability Insurance card for Manitoba. It's not essential that you have this card, but it can save you time and embarrassment should you become involved in an accident. If your agent doesn't have these cards, his head office may secure them from: Superintendent of Insurance, Room 132, Legislative Building, Winnipeg 1, Manitoba, Canada.

Cars may be used in Canada, with your own state's plates, for six months without payment of any duty or fee. Motorcycles and bikes are under the same regulations. No separate permit is needed for trailers. A list of removable items in the trailer (radio, TV, appliances, etc.) will speed you through customs.

## GASOLINE

When you fill your gas tank in Canada, remember the Canadian Imperial gallon is one-fifth larger than the U.S. gallon, so you need fewer gallons to fill'r up.

## MONEY

The U.S. dollar is accepted in Canada, naturally, but its value in relation to the Canadian dollar varies from time to time (according to the rates on the International Currency Market). Tourists are advised to take their U.S. money to a Canadian bank and have it exchanged. This may save time and irritation when shopping.

## FLYING VISITORS

If you come to Manitoba in a private aircraft, or if you want to make air connections between various points in Manitoba, you should get a copy of the Official Air Navigation Map. The map also gives complete instructions for air travel in the province, admission, flight and landing procedures, weather services, airports, strips and lake landing facilities, scheduled and charter airlines. Map is free of charge from the Tourist Development Branch, Legislative Building, Winnipeg 1, Manitoba.

## U.S. VISITORS LEAVING MANITOBA

It's your own responsibility to satisfy the U.S. Customs and Immigration that you are entitled to re-enter the U.S. They also decide what you may or may not bring back with you from Canada.

If you have been in Canada **less than 48 hours**: you may take back \$10 worth of merchandise duty and tax free for personal use. This must not include more than 50 cigarettes; 10 cigars;  $\frac{1}{2}$  pound of tobacco; 4 ounces of alcoholic beverages OR 4 ounces of alcoholic perfume. Family members are not allowed to pool the values of their purchases.

If you have been in Canada **more than 48 hours**: you may take back with you, every 31 days \$100 worth of merchandise for personal use, duty and tax free.

Under either exemption, BUT NOT BOTH, 100 cigars and 1 wine gallon of alcoholic beverages may be taken into the U.S. Family members in these cases are allowed to pool their purchase values. Remember, all articles bought in Canada must be declared to U.S. Customs.

Re-entry to the United States can be simplified if you:

1. List all your purchases before you reach the border.
2. Keep sales receipts and invoices handy.
3. Pack purchases separately to speed up inspection.

## GIFTS SENT FROM MANITOBA

Gifts (except alcoholic beverages, perfume with alcoholic content, and tobacco products) sent to a person in the United States are passed duty free provided the total value of such gifts received by a person on one day does not exceed \$10. Gift packages should be plainly marked "Gift" and value indicated. If you are in doubt about these or any other border crossing regulations, phone or write your nearest Customs office.

## SOME TRAFFIC HINTS IN MANITOBA

While our traffic signals are of the standard system used throughout Canada and the United States, there are several innovations which should be noted.

1. A flashing green light indicates that oncoming traffic is stopped by a red light and allows you to make a left turn.
2. When a "green arrow" signal is accompanied by a red light you may proceed only in the direction of the green arrow.
3. In a few Manitoba cities and towns a right turn is allowed at a red light after making a complete stop, but this will be indicated by a notice at the intersections.
4. The maximum speed limit on Manitoba highways is 60 M.P.H. during the daytime and 50 M.P.H. at night unless signs are posted contrary to this.

## AREA 1 METRO WINNIPEG

Winnipeg plays host each year to twice as many visitors as there are residents in the metropolitan area. The half-million citizens of Winnipeg, distinguished alike for their warm hospitality and love of the out-of-doors, are a colorful blend of many races and cultures. The physical characteristics of their city, no less colorful and diverse, provide wide main streets, rivers, parks and playgrounds, tree-lined residential areas, and modern shopping centres. The city has many facilities for recreation, sports and entertainment, and the visitor, either as spectator or participant, has a wide range of choices for leisure-time enjoyment. Many motels, motor hotels, convention hotels, and trailer courts, offer first-class accommodation at reasonable rates. There are also many fine restaurants and dining rooms. Winnipeg, the gateway to many vacation areas; hub of the provincial highway system on the Trans-Canada Highway, is the great central axis in Canada for rail, road and air traffic.

## AREA 3

### LAC DU BONNET — WHITESHELL

A pleasant 1½-hour drive east of Winnipeg on paved highways brings the motorist to the village of Lac du Bonnet on the Winnipeg River — gateway to many vacation resorts, beaches, motels, campgrounds, and hunting and fishing lodges. In this area, the Winnipeg River, its tributary streams, and many lakes are surrounded by thick forests — all in the heart of the southeasterly extension of the Pre-Cambrian Shield. Some of the finest angling waters in the province are located in various reaches of the Winnipeg River, in several large lakes which are formed by broadenings of the river, in Bird and Lee rivers, and in scores of lakes in the Lac du Bonnet - Winnipeg River area. Northern pike, walleye, smallmouth bass, and perch are the major species caught in these waters. Lac du Bonnet, a modern shopping and servicing centre, caters particularly to sportsmen and family vacationists, bound for nearby resorts or farther north to the Bissett - Wallace Lake area, or to other fine fishing, hunting, and vacation areas.

The Whiteshell Provincial Park, a thousand square miles of lakes, rivers and forests, with paved roads leading to many vacation resorts, is a highly developed recreation area. Served by the Trans-Canada Highway, Manitoba Highway No. 4, and connecting roads, the Whiteshell is one of the most popular vacation areas in the province. Among the many resort areas, various types of modern accommodation are available.

# CAMPGROUNDS, PICNIC AND TRAILER FACILITIES

## INTRODUCTION

Manitoba's ideally located campgrounds, picnic sites and trailer parks are well known by both Canadian and American outdoor families. This booklet is designed for use in conjunction with the Manitoba Road Map — to assist campers travelling with tents or trailers to plan their stops ahead of time. Information on both government-operated and private or commercial camp sites, picnic areas and trailer parks will be found in this listing.

For convenience, the province has been divided into three sections, Central, Eastern and Western, and their facilities have been listed according to Highway Number. Symbols have been used to illustrate the facilities available at each area:

- E** — electricity connections for trailers
- Sw** — sewer and water connections for trailers
- K** — kitchen shelter
- C** — cooking facilities
- W** — water suitable for drinking
- T** — tables and benches
- S** — sanitary facilities
- P** — playground equipment
- B** — beach
- H** — change houses
- D** — dock
- F** — fishing

Stores and restaurants are usually found near the larger campgrounds and in nearby towns. However, only those adjacent to the campgrounds have been listed in this booklet.

When camping in Provincial Parks, always obtain permission from the campground attendant, or the local Conservation Officer. A nominal fee is charged at some government-operated camp sites, depending on services provided, while fees at the privately-owned picnic sites, campgrounds, and trailer parks vary slightly throughout the province.

# Colorful Manitoba Travel Films

## ADVENTURE AT YOUR DOORSTEP — Color, Sound, 15 mins.

A tour of Manitoba to quiet fishing spots around Killarney, International Peace Garden, Clear Lake, Duck Mountain, the historic Red River, the Whiteshell Provincial Park.

## THE MIGHTY ONES — Color, sound, 13 mins.

The fierce battlers of icy-cold waters — northern pike! Join a fishing party leaving Cranberry Portage and stand by for action as the mighty ones in wilderness lakes fight every inch of the line.

## MEET MANITOBA — Color, sound, 21 mins.

The Whiteshell' Forest Reserve, Lake Winnipeg., Clear Lake, unfold in a "Cook's Tour" which also includes excursions to Flin Flon, Minnedosa, Portage la Prairie and Churchill.

## TO CATCH A FISH — Color, sound, 13 mins.

Follow a husband and wife team on the Winnipeg River in the northern section of the Whiteshell Provincial Park. Watch the thrilling action shots as fighting bass, walleye and northerns are netted.

## INSIDE THE RIM OF ADVENTURE — Color, sound, 25 mins.

The highlights of a summer vacation period. Fishing in Whiteshell, shopping in Winnipeg, the Flin Flon Trout Festival, vacationing at Clear Lake and the Scottish Games at Winnipeg are reviewed.

## HOW TO LIVE TO BE A 100 — Color, sound, 15 mins.

A father, his son and partner enjoy a vacation in the Winnipeg River area. Battling game fish take the anglers into a region of breathtaking beauty. There are some excellent "shots" of fly-casting by experts.

## BIG COUNTRY — BIG FISH — Color, sound,, 13½ mins.

The fabulous God's Lake, God's River region of northeastern Manitoba. Brook trout, lake trout, northern pike and walleyed pike are seen hitting the lures. The scenery is rugged and magnificent.

## WATERWAYS AND FLYWAYS OF THE NORTH —

Color, sound, 18 mins.

Manitoba, north of the 53rd parallel. The Pas, Cranberry Portage, Bakers Narrows and Flin Flon Lakes area. Big, fighting fish are plentiful in many lakes where thousands of ducks and geese also congregate.

## MANITOBA TRAILS — Color, sound, 27 mins.

The trails of explorers crossed south and central Manitoba to become the highways of today. The story of a family's vacation trip over these historic and scenic routes.

## WATERS OF THE WHITESHELL — Color, sound, 27 mins.

Winner of Canadian Film Awards Certificate of Merit

A magnificent panorama of lakes and forests unfolds as a family travels the Whiteshell for angling and vacation adventure. From Falcon Lake in the south to Lac du Bonnet in the north, the action is fast, the scenery superb.
